OPENING SESSION

Of Kentucky Federation of Women's
Clubs Held at First Presbyterian
Church Wednesday After-
noon.

The Kentucky Federation of Women's Clubs began its twenty-first annual meeting at the First Presbyterian Church Wednesday afternoon at 3:00 o'clock. The registration showed that over one hundred delegates were present and each train brings more. It is thought that the total attendance will go over two hundred and fifty.

After a discussion on Woman's Club work by members of the Federation an interesting short talk on "City Waste Disposal" was made by Mrs. Lee Bernheim. The meeting then adjourned to the Washington Theater where Mrs. Bernheim gave a remarkable address on "The Invisible Peril," a lecture dealing with the disposal of garbage in cities. She cited how different cities handled their garbage and showed the peril of haphazardly handling of garbage. Those who failed to hear this address missed a great treat.

The formal opening was in the evening at the First Presbyterian Church. The meeting was called to order by Mrs. George Longnecker, president of the local Woman's Club. Rev. John Harbour gave the invocation.

The musical numbers were exceptionally fine and were thoroughly enjoyed by all present. They seemed to tune up everyone to be in accord with the meeting.

Mrs. George Longnecker made the address of welcome in a few well-chosen words and the response was ably given by Mrs. W. T. Lafferty, First Vice President of the Federation. Mrs. Frank Johnson of Louisville gave an interesting report of the Civil Service Reform Department, covering all the public institutions of the state.

Mrs. Frederick H. Cole of Omaha, Neb., General Federation Chairman, gave the main address of the evening. She spoke on "Civil Service Reform," and the way she handled her subject was a delight to the audience. The theme centered on the "spoils system and how to eliminate it."

After the distribution of nominating ballots the meeting adjourned. The reception to the visitors was held at the beautiful home of Judge and Mrs. A. M. J. Cochran on West Third street. The house was beautifully decorated for the occasion and over one hundred ladies were present to enjoy the privilege of meeting and becoming acquainted.

Today's program will be found on page three.

**PILATE, THE MACBETH OF THE
BIBLE SUBJECT AT YEVELL
MEETINGS TONIGHT.**

It was announced that Dr. Yevel would have for his subject tonight "Pilate—The Macbeth of the Bible." Being as familiar with Shakespeare as is Evangelist Herbert Yevel, there is assured all attending the Growers tonight a new and interesting treatment of the above subject.

Last night there were many present to hear what was said on "The Devil and How He Preaches" and none were disappointed in the way in which the subject was developed. "The origin of evil has baffled the philosophers of all ages, but who the devil was need not bother any one. The Bible speaks of him as having been an angel of light. He has or rather is a personality. Why speak of him as an evil influence only? When there is a thief or a murderer committed in the community, the officers of the law do not look for the spirit of theft or the spirit of murder they look for a person guilty of those crimes. One of the things the devil preaches is doubt in the existence of such a person. He approaches a saint or a sinner at either his strongest or at his weakest characteristic point." This was illustrated in various ways. This sermon proves Dr. Yevel to be out of sympathy with the position taken by the higher critics, but classes him as an orthodox preacher.

Mr. Earl Yearley sang two solos, the second being the "Ninety and Nine." This was beautifully illustrated with stereopticon views. These views which are used from night to night are enjoyed and highly complimented by all. However they are not substituted for the Gospel message which the evangelist considers to be the important part of the service.

**MRS. HUBBARD TO HAVE INTER-
ESTING REPORT**

One of the most interesting reports of the Federation Convention will be made by Mrs. Murray Hubbard, Vice Campaign Chairman, Kentucky Equal Rights Association and Special Committee from the Kentucky Federation of Women's Clubs to secure from the General Assembly the submission of a Woman Suffrage Amendment to the State Constitution.

Mrs. Hubbard's report will sparkle with personal experiences at Frankfort. It will be most attractive and informing to those who are interested in legislative processes and the records of legislators.

Mr. Abe Galanty, who has been attending school at Lexington, is here on a short visit to his parents Mr. and Mrs. Meyer Galanty, of West Second street. Mr. Galanty is a Senior at State University and will graduate this year.

Miss Mary E. Sweeney, head of the Home Economics Department, State University, will address the white teachers of Mason county on Thursday, May 18, at 1:30 p. m., and the colored teachers at 11 a. m. at my office.
JESSIE O. VANCEY.

NOTICE

On account of repairs to Limestone Bridge connecting the Fifth and Sixth Wards with the West End of the city the bridge will be closed to traffic all next week. Commencing Monday, May 15th.
J. WESLEY LEE, Mayor.

KILLED AT NEW RICHMOND

Mr. George Smith, aged 36 years, of New Richmond, Ohio, formerly of Dover was killed by the west-bound C. & O. Mayville accommodation at New Richmond, Ohio, Monday morning about 7 o'clock. There were no eye witnesses to the accident but it is thought that he stumbled and fell while going across the track. He is survived by his widow, two brothers and a mother.

The remains were taken to Dover this morning and taken direct to the Christian Church where brief services were conducted by Rev. D. W. Nicholas in the Rosemont cemetery.

Your reflection on paper looks good if made at De Nuzle.

"The Greatness That Men Adore" is the special subject that the pastor will discuss tonight at the First Baptist Church Prayer Meeting. The public is especially invited.

DR. FLETCHER SMITH

Dover's Oldest Resident Passes To
Eternity—Had Reached Al-
most the Century Mark—A
Remarkable Man in Many
Respects.

Dr. Fletcher Smith, physician, scholar, gentleman of the old school, one of the oldest residents of Mason county and a remarkable man in many ways, died at his home at Dover Tuesday morning at 9:30 o'clock with the infirmities of old age. Had he lived Dr. Smith would have celebrated the 96th anniversary of his birth next Saturday.

Fletcher Smith was born May 20, 1820, at Lima, N. Y. He spent his boyhood days there and attended the college in that city. Coming to Kentucky in 1849 he located at Tuckahoe, near Dover, where he taught school for several years. In 1844 he entered medical college at Cleveland, O. After graduation there he returned to Kentucky and spent the remainder of his life in Dover, with the exception of a ten year residence in Illinois and one of like duration at Hinesport, O. He was a physician in actual practice for more than 70 years and gained a reputation far and wide, notably as an obstetrician. Dr. Smith, probably, was the oldest practicing physician in the United States.

Sept. 2, 1947, Dr. Smith was united in marriage to Miss Catherine Bayless, of Mayville. To this union were born five children, four of whom survive, as follows: Mrs. M. A. Burgess, of Hinesport, Va.; Mrs. J. J. McMillan, of Dover; Mr. Webster B. Smith, of Peebles, O. A son, James B. Smith, died at Dover in 1897. Mrs. Smith preceded her husband to the grave in 1898. Unfortunately, Mrs. Burgess is ill at her home in Richmond and unable to attend the funeral of her father.

A CORDIAL INVITATION IS EX- TENDED TO EVERYBODY

Everybody is cordially invited to attend the closing session of the convention of the Kentucky Federation of Women's Clubs at the Washington Opera House, Friday, 8 p. m. By way of special reminder cards have been sent to the following leaders of thought and action in the community: City Officials, Chamber of Commerce, Board of Health, Bar Association, Ministerial Union, County Officials, County Board of Education.

The speakers for the evening are: Mr. Alexander Johnson, Field Secretary of the National Association for Prevention of Feeble-mindedness, Miss Florence Wattle, of Indiana, and Mr. Walter J. Millard, of Cincinnati, who will speak on "The Need of Woman Suffrage."

Let everybody come and hear these live questions discussed.

Mr. Woodson Morgan of Perion, Ill., and Mr. James Morgan of Boston, Mass., Editor and part owner of the Boston Globe, are the guests of Dr. and Mrs. Edwin Matthews. They will be here for a short visit and then go on to Florence county for a visit to the historic home of the family with Dr. and Mrs. Matthews.

Mrs. Cora Wilson Stewart is guest of Dr. and Mrs. John Harbour while attending the Federation. This distinguished lady has given Kentucky a national reputation by the moonlight literacy schools of which she is the founder.

Lovely New Cotton Dress Goods

Many new and beautiful dress cottons have made their appearance during the past week. Indeed, the variety is greater than ever before and prices are no higher than in previous seasons, notwithstanding that all cotton dress goods have been advanced by the manufacturers for future delivery. This, in itself, constitutes a good reason for buying now.

It is easy to say we have the greatest stock of cotton dress goods ever shown in Maysville but it would be difficult to prove it, if facts didn't support the claim. Shop everywhere, shop thoroughly, then come here and make your own decision.

Voile, organdy, marquisette, chiffon cloth, 40 and 42 inches wide, 25c to 50c yard. A wonderful Assortment.

Do you want to develop your muscles, and stimulate your appetite, and aid your digestion, and put more color in your face, and make yourself feel better all over generally and inside in particular? Thirty minutes exercise a day will do it. Go out into the garden. Use a hoe, or a spade, or any of the tools necessary to produce something to satisfy the appetite you will be creating. Use those tools and your brains at the same time, and in the end you will be better physically and brighter mentally and your table will be well supplied with edibles that have cost you nothing but the exercise every normal constitution demands.

Secretary of Commerce Redfield says the Bureau of Foreign and Domestic Commerce has had difficulty in securing suitable men for its foreign investigations. This is the first intimation we have had that any effort had been made. Upon the recommendation of the Secretary of Commerce, the new commercial attaches were exempted from the Civil Service test as to qualifications. This was a pretty plain indication that "suitable" was regarded as synonymous with "deserving Democrat." If not, why relieve those candidates from a competitive test?

The issue of veracity between Josephus Daniels and Admiral Fiske is unfortunate—for Josephus, at any rate. And the surprising thing about it is the general acceptance by the public that Daniels is in the wrong. Time was when the word of a Secretary of the Navy was taken at its face value—but that was before Daniels came into the Cabinet.

Fear not, brother. A bright smile will never crack your face.

THE SHORTEST SERMON

One of the shortest sermons on record is the one which Dean Swift preached before a charitable society. After announcing the text, "He that giveth to the poor lendeth to the Lord," the preacher simply said:

"Now, my brethren, if you are satisfied with the security, down with your dust." He then sat down, while the ushers took the collection. It was unusually large.

STOMACH TROUBLES QUICKLY CURED.

People go on suffering from little stomach troubles for years, and imagine they have a serious disease. They over-eat or over-drink and force on the stomach a lot of extra work, but they never think that the stomach needs extra help to do the extra work.

If these people would take Tonolime Tablets regularly they would be a great big help to the stomach in its strain of over-work. No matter what you eat or drink Tonolime Tablets sweeten your sour stomach and stop gas belching in five minutes. The heaviness disappears and the stomach is greatly aided in its work of digestion.

Tonolime Tablets not only promptly relieve all distress, but if taken regularly will absolutely cure indigestion by building up the flabby, overworked walls of the stomach and make them strong enough to digest the most hearty meal.

ITEMS FROM THE FLEMING GAZETTE

Mr. and Mrs. Ben Harbeson and two children and Miss Georgia Harbeson of Augusta, Mr. and Mrs. J. J. Fitzgerald of Maysville motored here Sunday for a short visit.

Rev. E. Baumann left for Maysville Sunday night to take a C. & O. train for Atlantic City where he goes to attend the General Assembly of the Presbyterian Church as delegate of the Ebenezer Presbytery.

Miss Julia Jenkins left Friday to be the guest of Miss Thelma Kirk at a dance that evening at the Odd Fellows Temple at Maysville. From there she went to Dover to spend Sunday with Mrs. Wm. Boyd, and on Monday she went on to Tuckahoe to spend some time with friends.

Judge C. D. Newell held court at his Merchants' Hotel room last evening to hear a motion from Mason county regarding the validity of a \$200,000 bond roads bond issue voted in Mason county a year or so ago. The bonds received a majority vote, but at that time it was thought a two-thirds majority was necessary for it to carry. However, since then the Court of Appeals has decided that a majority of the vote cast is all that is necessary, and the present action is to determine if the bonds can now be legally issued as the result of that election. Judge Newell will likely hand down his decision tonight and the case will be taken to the Court of Appeals.

DID NOAH CAUSE THE FALL OF MAN?

A tablet believed to be 4,000 or 5,000 years old and to antedate the book of Genesis by 1,000 years, sets forth, according to the translation of Dr. Steven Langdon, of Oxford University, England, that it was Noah and not Adam and Eve who brought about the fall of man. Noah was commanded not to eat of the cassia tree in the garden of Paradise, the translation has it, and when he disobeyed, the curse of ill health and an early death instead of a life span of 50,000 years like that of his ancestors, fell on him. According to Babylonian and Sumerian accounts the flood occurred about 35,000 years B. C., and the period between that catastrophe and creation—432,000 years—was filled in by ten kings so that each must have ruled something like 43,200 years. The comparatively short reigns of later kings is explained as being the result of Noah's sin in eating of the cassia tree.

AID THE KIDNEYS

Maysville Sufferers Should Take No Further Risk.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, laguer—why allow themselves to become chronic invalids, when a tested remedy is offered them? Doan's Kidney Pills have been used in kidney trouble over 50 years, have been tested in thousands of cases.

If you have any, even one, of the symptoms of kidney diseases, act now, for gravel, dropsy or Bright's disease may set in and make neglect dangerous. Can Maysville residents demand more convincing proof than the following:

A. Sorries, Lockssmith, Aberdeen, O., says: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backache and when stooping, it was hard for me to straighten. Colds always acted on my kidneys. I used Doan's Kidney Pills and they stopped the trouble and my kidneys became strong."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Sorries had. Foster-Milburn Co., Props., Buffalo, N. Y.

NEW INVENTION

The possibility of devising an electrical machine for solving numerical equations to any degree has recently been suggested by a French author. Essentially, the machine will consist of a collection of various electrical machines, connected in cascade, the armature circuit of one machine being used in the excitation circuit of the next and so on. It has been demonstrated by a commentator on the suggestion that by the connection of transformers in cascade, it would be possible not only to solve algebraic equations but linear differential equations with constant co-efficients as well.

"MOVIES SUPERIOR TO STAGE IN MANY WAYS," SAYS TREE
 In the June Woman's Home Companion Sir Herbert Beerbohm Tree, the great actor and manager, comments on the superiority of the movies in certain ways to that of the regular stage.

"The purpose of art is to portray human emotions. The motion picture has possibilities in many ways greater than those of the stage. The stage is limited to interpretation of the voice. Here is a new interpretation of moods and motives by means of facial expression. My work in 'Macbeth' required much greater expenditure of emotional force than is necessary for a single performance on the stage.

"The stage has its limitations in other ways. What reader of 'Macbeth' has not longed to be thrilled at the sight of Birnam Wood come to Dunsinane? All the gorgeous pageantry lost to the boards is afforded ample scope upon the screen. The coronation of Macbeth, only suggested in the play, is made a big scene in the film.

"There has been tremendous advance made in the motion picture. For illustration, eighteen years ago pictures were made of my performance of Henry VIII and 'King John.' They were merely photographic transcripts of the stage production, entirely without meaning except to those who were perfectly familiar with the play and could recall the lines appropriate to the action.

"The production of 'Macbeth' that has just been made for the film represents the highest form of pantomimic art, and is perfectly intelligible to every spectator, whether he has ever read the play or seen it performed, although the greatest enjoyment will naturally be for the one who knows his Shakespeare."

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for a gripe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

In my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

EFFECT OF RAIN UPON ANIMALS

"The effects of a rainy day upon animals of a zoo," said a keeper the other day, "are as interesting to watch as anything I know in connection with a collection of beasts. Now, that big wolf over there just revels in a rainy day and skips about as gay as you please. All the wolves are the same. But the cheetahs then up. But the lions are different. They fret and fume and growl and snarl unless you give them an extra allowance of meat or a big can of warm milk. Then they will sleep, but a rainy day seems to get on the nerves of a lion or any of the cat family. Snakes are kept in just a certain temperature all the time, and you would think that the damp air would never reach them. Perhaps it doesn't, but I have always noticed that all the reptiles are active and cheerful, if a reptile can be said to be cheerful, when it rains."

HE HAD A DAUGHTER

"You have a daughter, have you not, sir?" said a minister to an old gentleman with whom he had formed a casual acquaintance as a fellow passenger. "The old gentleman essayed to answer, but the question had strangely affected him. 'I beg your pardon,' said the minister, 'if I have thoughtlessly awakened in your mind recollections of a painful nature. The world is full of sorrow, sir, and perhaps my question recalls to your memory a fair, beautiful girl whose blossoming young life had withered in its bloom. Am I right, sir?'"

"No, not exactly," replied the old gentleman sadly. "I have five unmarried daughters, older, and the youngest of the lot is twenty-eight years old."

Every Woman's Duty

In matters pertaining to the family table is to decide not only what is best for herself, but for the husband and children as well.

Take the table drink, for instance; the housewife may like her tea or coffee. She knows that coffee and tea are harmful to many, but she uses her favorite beverage in moderation, and thinks it doesn't harm her.

But there's John. He's irritable and nervous, perhaps his irritation and sleeplessness may be due to tea or coffee. Again, almost everybody knows that tea and coffee are especially harmful to the little folks. The next thing, then, is "what to serve as a wholesome table beverage?"

In many families the quick and happy answer is

INSTANT POSTUM

Here is a delicious, "Coffee-like" beverage, as hot and savory as high-grade Java coffee, yet pure and free from the drugs, caffeine and tannin, which often disagree with health and comfort.

This pure, delicious food-drink is made instantly by using a level teaspoonful in a cup and adding hot water, also sugar and cream to taste. Everyone can drink all they desire without the slightest chance of harm.

Instant Postum, a real American discovery, is made of prime wheat and a bit of wholesome molasses, blended and roasted just like coffee. Its flavor, purity and wonderful goodness have won tremendous favor everywhere.

There's a Reason

Grocers everywhere sell Postum

HANKIN'S PETITION FOR DISCHARGE

In the matter of James Dunn, bankrupt. In bankruptcy 1130 To the Honorable A. M. J. Cochran, Judge of the District Court of the United States for the Eastern District of Kentucky.

James Dunn of Maysville in the county of Mason and State of Kentucky in said District respectfully represents that on the 23rd day of June, last past, he was duly adjudged bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court, touching his bankruptcy.

Wherefore he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankrupt acts, except such debts as are (excepted) by law from such discharge.

Dated this 23rd day of April A. D. 1916.

James Dunn, Bankrupt.

Order of Notice Therein

Eastern District of Kentucky, ss.

On this 25th day of May A. D. 1916, on reading the foregoing petition, it is Ordered by the Court that a hearing be had upon the same on the 27th day of June A. D. 1916, before said Court at Covington, in said district, at 10 o'clock in the forenoon; and that notice thereof be published in Maysville Public Ledger a newspaper printed in said district, and that all known creditors and other persons in interest may appear at said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the court, that the clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

Witness the Honorable A. M. J. Cochran, Judge of said Court and the seal thereof, at Covington, in said district, on the 15th day of May A. D. 1916.

J. W. MENZIES, Clerk.

ANOTHER SWATFEST

Emmett Hammed All Over the Lot and Maysville Wins by the Score of 13 to 2—Skinner Pitched Steady Game For Locals.

A few staunch fans braved the cold, raw wind Wednesday afternoon to see Maysville play the last game of the series with Huntington and they felt amply repaid for going for Maysville won by the score of 13 to 2.

For the first two innings it looked as if the game was to be very close, but when the heavy artillery of the Hurley Cubs loomed up on one Mr. Emmett in the third and fourth innings all doubts left the minds of the spectators as to who would be the victor. Manager DeArmond raved and ranted at the players, but to no avail. Skinner did the hurrying for the locals and although he was touched up for ten safeties he had splendid control and was almost imitable with men on bases.

Tinlin started the ball to rolling for the locals in the third with a single to left center. Kelly sacrificed. Jones singled scoring Tinlin. Williams tripled to center scoring Jones, and crossed the plate a few minutes later on McGraynor's sacrifice fly to right. Mueller walked. Nixon bounced one to Ollum and was thrown out at first. Shelton secured the first run for the visitors in the fourth, a homer over Jones' head in the center garden.

With one down in the fourth Skinner walked. Tinlin knocked a bouncer down the third base line and the ball took a bad hop hitting Uncle Ezra Midkiff in the head, giving Tinlin a hit. Kelly tripled to left scoring Skinner and Tinlin, but was himself thrown out at the plate trying to stretch it into a homer. Jones fled to Schmeier.

Huatagton made one more run in the seventh. Schmeier singled. Diel was safe on Kelly's error. Gibson fouled to Mueller. McDaniel singled. Emmett rapped one out to Williams and was thrown out at first. Schmeier scoring. Brown walked. Ollum fled to Schlenker.

Maysville made four more in the seventh. McGraynor accepted four balls. Mueller singled to right. Nixon sacrificed. Schlenker singled through short scoring McGraynor. Skluner tripled scoring Mueller and Schlenker. Tinlin scored Mueller with a single. Kelly fled to Gibson who got an unassisted double play.

The eighth wound up the little bunch of runs for the locals. Jones and Williams singled. Mueller doubled scoring Jones and Williams. Nixon knocked a homer over the right field fence scoring Mueller ahead of him. This concluded the run making on both sides.

Third Baseman Frey, who played with the locals Tuesday, has been turned back to the Huntington club.

The Chamber of Commerce, the Maysville Woman's Club and the Kentucky Federation of Women's Clubs are to be much congratulated upon their good fortune in having Mr. Alexander Johnson on the program for Friday night at the Opera House.

Mr. Johnson may well be said to be from the U. S. A. and our country is complimented at that. He is the world-famous expert on the management and care of the feeble minded.

This seems the physiological moment in our state's history for the discussion of this topic before all serious minded bodies, since our Governor A. O. Stanley with foresight and wisdom has just appointed a state commissioner for the investigation of the causes of feeble mindedness in Kentucky.
